Barbie Felt Hat

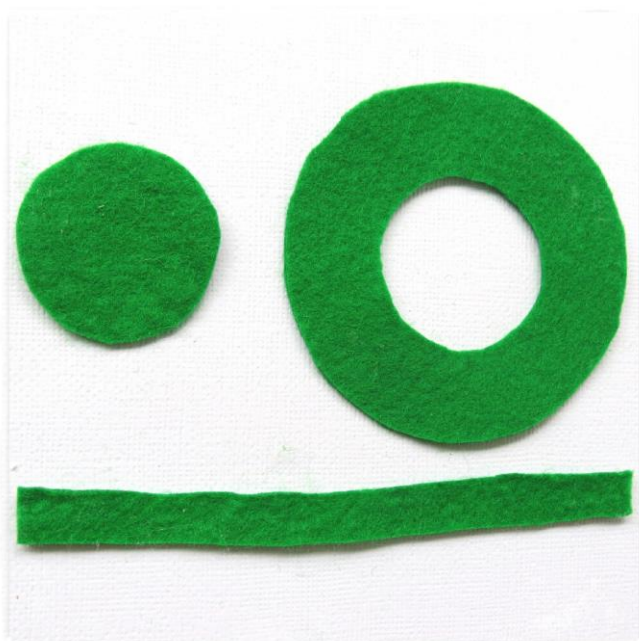

PATTERN PIECES

SIDE - Cut 1

MATERIALS

- Felt Colour 1 – 12cm x 12cm (5" x 5")
- Decorative accessories – ribbon, bows, flowers, beads, buttons, fabric.
- Stranded cotton thread – matching colours (I use 2 strands for stitching).

CUTTING OUT

- Cut out BRIM (x1)
- Cut out SIDE (x1)
- Cut out TOP (x1)

Method:

Using a blanket stitch, sew one long edge of the SIDE piece around the TOP piece.

Note: It is optional to sew the short edges of the SIDE pieces together (blanket stitch, whip stitch or running stitch are all fine).

- Using a blanket stitch, sew the remaining long edge of the SIDE piece to the inner edge of the BRIM piece. Knot off.

- Turn the hat inside out so stitching is on the inside.
- Decorate the brim with your choice of accessories. Ribbon, bows, flowers, beads, fabric, lace and buttons can all be used in creative ways to decorate Barbie's hat.
- Upload your Barbie hat photo to social media. Use #feltypipsqueaks to tag your photo. I will feature my favourites on my blog, website or social media. Can't wait to see your creations. 😊
